(2025 - 2026)

MFD CONSTRUCTION

- Basic steel Works
- Reason for leaving - Relocated to a new adress
- 065 880 9381-Martin

## About Me

I'm a hands-on, fast-learning go-getter who gets genuinely excited about new challenges.

When I see something I don't know yet, I don't freeze — I dive in headfirst, ask the right questions, experiment, fail fast, and figure it out quicker than most. I've got a real hunger to keep levelling up, whether it's picking up a new tool, streamlining a messy process, or just finding a smarter way to get work done.

I bring high energy, quick adaptability, and honest passion to everything I touch. Give me a goal and the freedom to attack it — I'll make sure we don't just hit it... we smash it.

Ready to bring that same drive to your team.
